

## AiKodex

### Dependency Installation

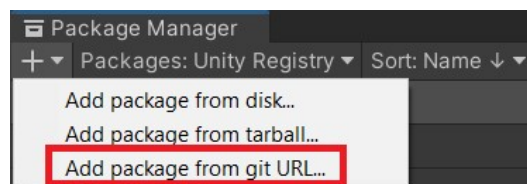

If in case you get an error that of missing Barracuda package, please follow the steps mentioned in this guide.

[20:34:17] Assets\Aify\Editor\Scripts\AifyEditor.cs(3,13): error CS0234: The type or namespace name 'Barracuda' does not exist in the namespace 'Unity' (are you missing an assembly reference?)

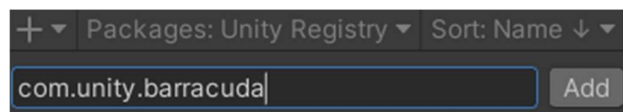

Please go to the Package Manager by clicking on Window > Package Manager.

Please click on the top left 'Plus symbol' and click on "Add package from git URL"

Please type "com.unity.barracuda" and click on add

This should resolve the error
